Questions & Notes

- What attitude has great significance on our approach to healing?
- What was Pharaoh's attitude toward the LORD?
- Why is it good news that God is the Lord who heals and who wounds?
- What kind of healing is God pursuing for us?

"**people grumbled"** (v. 24) – stronger than complaining, the people were questioning God's abilities and motives

"**bitter**" – the word marah means bitter; a Hebrew word with the same root form (mrh) means to be rebellious (see Dt 9:7)
