Questions & Notes

- What does Jesus do that the religious leaders consider blasphemy?
- How does healing paralyzed man prove Jesus has authority to forgive?
- What is the connection between personal sin and sickness?
- What is a key aspect of the faith we see in this account?

“**blaspheming**” – in a strict sense it denotes pronouncing the divine name or inviting people to follow other gods, here, however it is used more generally in the sense of dishonouring God
